AI Companion

Introducing Zoom AI Companion 3.0

AI Companion does more than save you time. It captures context, uncovers insights, and helps you deliver better work.

[Learn more](#)

Zoom AI Companion helps by:

- Capturing and summarizing conversations wherever your meeting takes place.
- Turning meeting notes and insights into ready-to-use docs, briefs, and more.
- Automating prep, follow-up, and documentation so you can focus on impact.

"It always comes down to 'I want to work on my business, not in my business.' Zoom AI Companion allows me to have that time back to do the work that only I can do."

AI-first UCaaS for team collaboration lets you work together without friction using Meetings, Chat, Docs, and more, all built into Zoom Workplace.

- **Unify how teams connect:** Meetings, Phone, Chat, and more are all in one UCaaS platform, so communication feels seamless.
- **Consolidate your tools:** Replace scattered apps with an all-in-one solution that saves time, reduces costs, and keeps work in sync.
- **Support hybrid and remote work:** Keep even global teams engaged with reliable video conferencing, persistent chat, shared docs, and more.
- **Keep workflows moving:** From brainstorm to docs to quick check-ins, Zoom helps teams cut friction and avoid projects stalling.
- **Do more with AI:** Built-in AI summarizes meetings, drafts follow-ups, and shares next steps, so your team spends more time creating.
